* Emma is one of the Hatley WAGs who says “You don't need to put me as the report writer – really I'm just the typist/damage limitation/spell checker.”

† Asked if ‘friendly’ meant that all the other games were unfriendly or are part of a league, Emma replied: “Though I think some of them could get unfriendly, in the nicest possible way of course, they are all friendlies. Part of the reason the majority of the players play for Hatley is because it's a bit of fun rather than serious league matches (as you have probably gathered from the match reports so far!!). Some play for other teams on Saturdays to get their ‘league fix’.”
