Dear Councillor/s,

### **Civil Parking Enforcement Anticipated Works**

Cambridgeshire County Council (CCC), in partnership with South Cambridgeshire District (SCDC) and the Greater Cambridge Partnership (GCP) have resolved to bring Civil Parking Enforcement (CPE) to the District of South Cambridgeshire.

CPE, is a system of parking governance that allows the Highway Authority, CCC, the power to carry out parking enforcement using its own agents rather than relying on the Constabulary to provide that function.

In order to be able to carry out this service, surveys have been undertaken of the condition of the regulatory signs and lines on the highway within the District. The signs and lines need to be in an enforceable condition.

CCC Highways Service operators will be working in the area, either maintaining or installing regulatory equipment. This is part of a predetermined work schedule, the dates of which I have appended to this document.

Should you have any queries related to the implementation of CPE please contact:  
[parkingpolicy@cambridgeshire.gov.uk](mailto:parkingpolicy@cambridgeshire.gov.uk)

If you have identified a fault on the highway please use the Highways Fault Reporting Tool:  
<https://highwaysreporting.cambridgeshire.gov.uk/>

Yours Sincerely

A handwritten signature in blue ink, appearing to read "A. Caddy".

Andhika Caddy  
Policy & Regulation Engineer

Programmed Date	Location
9-10.03.2023	Brook Road, Bassingbourn
